## [1.](#) Introduction

[RFC5328] registered the Uniform Resource Name (URN) namespace "dvb" for the Digital Video Broadcasting Project. Since the publication of that RFC, the registrant contact information has changed, and this document updates the registrant information to make it current. It uses a role-based email address, to reduce the need for updates in the future.

## [2.](#) Registration Update

This replaces the "Registration Information" and "Declared registrant of the namespace" fields in the registration, specified in [RFC 5328, Section 2](#). The new information for those fields is as follows:

Registration Information:

Version: 2

Date: 2014-05-19 [[RFC Editor: Please use the date of publication here.]]

Declared registrant of the namespace:

Name:	Peter Siebert
Title:	Executive Director, DVB Project Office
Affiliation:	DVB Digital Video Broadcasting
Address:	Ancienne Route 17a CH-1218 Geneva SWITZERLAND
Phone:	+41 22 717 2717
Email:	dvb@dvb.org

All other fields in the registration information are unchanged, and remain as specified in [RFC 5328](#)

## [3.](#) Security Considerations

There are no security considerations for this registration update.

#### **4. IANA Considerations**

In the Formal URN Namespaces registry (<http://www.iana.org/assignments/urn-namespaces>) IANA is asked to change the reference field for the "dvb" namespace to include this RFC in addition to [RFC 5328](#). The reference field will now contain two RFC numbers.

#### **5. Normative References**

[RFC5328] Adolf, A. and P. MacAvock, "A Uniform Resource Name (URN) Namespace for the Digital Video Broadcasting Project (DVB)", [RFC 5328](#), September 2008.
