This specification defines a profile for the use of X.509 Attribute Certificates in Internet Protocols. Attribute certificates may be used in a wide range of applications and environments covering a broad spectrum of interoperability goals and a broader spectrum of operational and assurance requirements. The goal of this document is to establish a common baseline for generic applications requiring broad interoperability as well as limited special purpose requirements. The profile places emphasis on attribute certificate support for Internet electronic mail, IPSec, and WWW security applications.

This document is a product of the Public-Key Infrastructure (X.509) Working Group of the IETF.

This is now a Proposed Standard Protocol.

This document specifies an Internet standards track protocol for the Internet community, and requests discussion and suggestions for improvements. Please refer to the current edition of the "Internet Official Protocol Standards" (STD 1) for the standardization state and status of this protocol. Distribution of this memo is unlimited.

This announcement is sent to the IETF list and the RFC-DIST list. Requests to be added to or deleted from the IETF distribution list should be sent to [IETF-REQUEST@IETF.ORG](mailto:IETF-REQUEST@IETF.ORG). Requests to be added to or deleted from the RFC-DIST distribution list should be sent to [RFC-DIST-REQUEST@RFC-EDITOR.ORG](mailto:RFC-DIST-REQUEST@RFC-EDITOR.ORG).

Details on obtaining RFCs via FTP or EMAIL may be obtained by sending an EMAIL message to [rfc-info@RFC-EDITOR.ORG](mailto:rfc-info@RFC-EDITOR.ORG) with the message body

help: ways\_to\_get\_rfcs. For example:

To: rfc-info@RFC-EDITOR.ORG  
Subject: getting rfcs

help: ways\_to\_get\_rfcs

Requests for special distribution should be addressed to either the author of the RFC in question, or to RFC-Manager@RFC-EDITOR.ORG. Unless specifically noted otherwise on the RFC itself, all RFCs are for unlimited distribution.echo

Submissions for Requests for Comments should be sent to RFC-EDITOR@RFC-EDITOR.ORG. Please consult [RFC 2223](#), Instructions to RFC Authors, for further information.
