This specification describes an all-purpose interchange format for
use as a file format or for net-working. Data is organized in chunks
which can be ordered in hierarchical structures. This format is
self-describing and CPU-independent.

This memo provides information for the Internet community. It does
not specify an Internet standard of any kind. Distribution of this
memo is unlimited.

This announcement is sent to the IETF list and the RFC-DIST list.
Requests to be added to or deleted from the IETF distribution list
should be sent to IETF-REQUEST@IETF.ORG. Requests to be
added to or deleted from the RFC-DIST distribution list should
