At the ITU-T Study Group 13 Question 3 Rapporteur Group meeting conducted 24 October – 3 November 2006, progress was made on draft new Recommendation Y.NGN-ET-TECH on Next Generation Networks-Emergency telecommunications-Technical issues. During this meeting we concluded that IETF work in several working groups has relevance to further development of Y.NGN-ET-TECH. We request that the IETF inform Q.3/13 of any technical work done to date that would be useful and relevant to this draft Recommendation. Furthermore, we request that the IETF keep Q.3/13 informed of your progress related to emergency telecommunications.

We have attached to this liaison the current draft of Recommendation Y.NGN-ET-TECH to facilitate your response to this liaison.
