

# DHCPv6 Extensions for OnDemand Mobility Support

[draft-moses-dmm-dhcp-ondemand-mobility-08](#)

Danny Moses

# DHCPv6 Extensions

## Update since IETF99

- Presented the draft in dhc to receive DHCPv6-related review
- Performed the following based on the review:
  - Correct the description of the DHCP server's response to an unrecognized encapsulation option in section 3
  - Remove the Anchor Preference option - it is not required
  - Correct wording in section 2
  - Some editorial fixes
- DHC approved draft after correction and requested to be able to review once more upon DMM WGLC

# DHCPv6 Extensions

## Next Step

- Adopt as a WG draft
