# DMM Deployment Models and Architectural Considerations

draft-ietf-dmm-deployment-models

**Seil Jeon**

# Document Update

- Got useful feedback and comments in the list
  - Thanks to Xuan and Dirk
- Mostly about editorial points and nits
  - Some typos detected (**Resolved**)
  - Reference requested, where NSH is mentioned
    - RFC 7665 added (**Resolved**)
  - Extension of acronyms (i.e., MC and RC) requested
    - Introduced in “2.2. Terminology” (**Resolved**)
- The authors submitted -03 version

# Next Step

- The authors suggest moving this I-D. to AD review
