

# Gossiping in CT

Linus Nordberg, Sunet  
linus@sUNET.se

IETF100, Singapore

# gossip history

- ▶ draft-linus-trans-gossip-ct (2014)
- ▶ draft-ietf-trans-gossip (2015)
- ▶ defines three mechanisms for gossip in CT
  - ▶ SCT feedback
  - ▶ STH pollination
  - ▶ trusted auditor

# gossip current status

- ▶ no browser implementation afaik
- ▶ two auditor implementations are using parts of draft
- ▶ ad evaluation::revised draft needed
- ▶ authors ready to clarify and adjust
- ▶ open questions
  - ▶ any plans for implementation unknown to us?
  - ▶ keep mandating full chain in SCT feedback?
  - ▶ does the 14 day guess need measurement?

# gossip way forward

- ▶ publish this or refactor?
