Participating Vendors

- Adva
- Arista
- BISDN
- Calnex
- Cisco
- Delta
- ECI
- Ericsson
- Huawei
- IP Infusion

- Keysight Technologies
- Juniper
- Meinberg
- Metaswitch
- Microsemi
- NEC
- Nokia
- UTStarcom
- Spirent
- ZTE

Segment Routing – IPv6 Dataplane (SRv6)

Verify the setup of an end-to-end Segment Routing path using an IPv6 data plane, where segments are encoded as an IPv6 address

Requirements

- draft-ietf-6man-segment-routing-header
  - IPv6 routing header
  - End-to-end unicast traffic forwarding

Participating Components

- Nodes 1-3 as SR IPv6 core

Thank you for your interest!
