P-Charge-Info

• P-Charge-Info
  – In use for 10+ globally to convey information about the party to be billed

• draft-york-p-charge-info-07
  – Informational
  – Out of AD-review and soon to be “last call”

• draft-asveren-stir-p-charge-info-00
  – P-Charge-Info content is sensitive as it pertains to billing
  – Ideally should be protected and a PASSporT extension seems suitable
  – This draft should be “Informational” as well
  – Next revision will include more information about use cases, semantics
