

draft-ietf-6tisch-6top-protocol

Status

- RFC 8480 <draft-ietf-6tisch-6top-protocol-12.txt> published on 5th Nov 2018.
- Thanks to AD (Suresh), Chairs (Pascal, Thomas) and RFC editor (Lynne) and IANA editor (Amanda)
- Changes during the process:
 - Minor Fixes
 - Important clarification in Section 3.4.7

“In particular, in a 3-step 6P Transaction, when receiving a 6P Response with a return code that it does not recognize, the requester (node A) MUST send a 6P Confirmation to the responder (node B) with return code RC_ERR and consider the transaction failed.”
