

YANG Data Models MPLS Base and MPLS Static LSPs

<draft-ietf-mpls-base-yang-09>

<draft-ietf-mpls-static-yang-07>

Tarek Saad, Kamran Raza, and Rakesh Gandhi, Cisco Systems

Vishnu Pavan Beeram, Juniper Networks

Xufeng Liu, Jabil

Igor Bryskin, Huawei

Himanshu Shah, Ciena

IETF-103, November 2018, Bangkok

Agenda

- Updates to I-Ds
- Next steps

Updates:

< draft-ietf-mpls-base-09> and < draft-ietf-mpls-static-07>

- Addressed YANG Dr. review comments:
 - Document cleanup and several editorial changes
 - Reused common type `rt-types:mpls-label-stack` for label stacks
 - Added references to imported IETF modules
 - Migrated the model to NMDA compliance and referenced RFC8342
 - Updated Security Considerations sections

Next Steps

- Sent email to YANG Dr. Tom Petch to acknowledge no further comments
- Request drafts to progress to publication

Thank You
