

6TiSCH Architecture

[draft-ietf-6tisch-architecture](#)

Pascal Thubert, Editor, &al.

Goals

- Provide a High level Architecture, positioning components
 - [3. High Level Architecture](#)
- Finer details on 6TiSCH capabilities
 - [4. Architecture Components](#)
- Follow the progress of the group, publish upon completion

Submitted for Publication

- -20 published
- Addresses Early reviews
 - by Carlos Pignataro
 - and Eliot Lear
- Improved structure
 - moved join process and registration from section 3 to 4
 - Reordered section 3, added distributed vs. centralized

Many thanks!!!
