

BGP Link-State extensions for BIER

draft-ietf-bier-bgp-ls-bier-ext-04

Ran Chen(ZTE)

Zheng Zhang(ZTE)

Vengada. Govindan (Cisco)

IJsbrand. Wijnands (Cisco)

Introduction&Motivation

- This document specifies extensions to the BGP Link-State address-family in order to advertising BIER-specific.
- BGP-LS Extensions for BIER
 - Extended A new Prefix Attribute TLV for distributing BIER information.
 - BIER MPLS Encapsulation Sub-TLV is defined for advertising MPLS specific information used for BIER.

Next Step

- Comments welcome.
- Seeking for Workgroup last call.

Thanks!
