GitHub Integration and Tooling

Chairs: Chris Wood and Paul Hoffman
March 28, 2019
IETF 104, Prague, Czech Republic

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.

As a reminder:

- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process),
- BCP 25 (Working Group processes),
- BCP 25 (Anti-Harassment Procedures),
- BCP 54 (Code of Conduct),
- BCP 78 (Copyright),
- BCP 79 (Patents, Participation),
- https://www.ietf.org/privacy-policy/ (Privacy Policy)

Agenda

[05] Administrivia

- Blue sheets, Jabber scribe, minutes takes
- Agenda review and revision

[15] Chair chat

- GitHub for the GIT Working Group
- WG tools and projects

[60] Documents

- [30] [GitHub Configuration for IETF Working Groups](#)
- [30] [Using GitHub at the IETF](#)

GitHub for the GIT Working Group

Q1: Should this WG be open to using GitHub (in some capacity) for adopted drafts?

Q2: If so, in what capacity should GitHub be used?

- Proposal: File issues on GitHub, hold substantive discussions on the list

WG Tools and Projects*

Several existing tools:

- https://github.com/richsalz/ietf-gh-scripts
- https://github.com/martinthomson/i-d-template
- https://github.com/dontcallmedom/github-notify-ml

Q1: What other tools would help WGs using GitHub?

Q2: Are there interested WG members willing to help develop those tools and their documentation?
