Pre-NGI (H2020)

NGI Flagship (after 2020)

NGI Vision

“The overall mission of the Next Generation Internet initiative is to re-imagine and re-engineer the Internet for the third millennium and beyond. **We envision the information age will be an era that brings out the best in all of us.** We want to enable human potential and creativity at the largest possible scale. In order to preserve and expand the European way of life, we shape a value-centric, human and inclusive Internet for all.”

NGI Vision

Develop key internet technologies in line with core EU values and societal expectations

- **Trust:** users control their data
- **Resilience:** secure and resilient infrastructure
- **Decentralisation:** Secure peer-to-peer transactions
- **Inclusion:** All take part in online society
- **Sustainability:** Reduced carbon footprint
