

SCHC over Sigfox

draft-zuniga-lpwan-schc-over-sigfox-06

draft update and discussion about ACK-on-Error

Authors:

Juan Carlos Zuniga <juancarlos.zuniga@sigfox.com>

Carles Gomez Montenegro <carlesgo@entel.upc.edu>

Laurent Toutain <laurent.toutain@imt-atlantique.fr>

draft-zuniga-lpwan-schc-over-sigfox-06

- Based on SCHC draft 18
 - Reference to public Sigfox Radio specifications added
 - Improved architectural definition
 - Decomposition of C/D and F/R functions
 - Further clarification of text
 - Values for Frag modes being optimized
 - Clarifications and some operation details on other fragmentation modes still needed
