

# Deprecating ASM for Interdomain Multicast

draft-ietf-mboned-deprecate-interdomain-asm-03

M. Abrahamsson (T-Systems)

T. Chown (Jisc)

L. Giuliano (Juniper Networks)

T. Eckert (Huawei)

# Draft Overview and Update

- BCP to use SSM and NOT ASM for interdomain deployments
  - ASM may still be appropriate for intradomain
- New Rev -03
  - Many editorial edits
  - Sect 4.2 and 4.3: Clarifying verbiage for IGMPv3/MLDv2 support
    - Specifically, to support SSM (not just ASM)
- Ready for WG LC?
