

ROLIE Software Descriptor

Stephen Banghart

Status

- First round of reviews (First WGLC) integrated into -07
- Second round of reviews (Extended WGLC) integrated into -08, posted recently.

Major Fixes

Only one normative change – typo fix

application/coswid+cbor → application/swid+cbor

Was an error in draft, meant to reference media type from the coswid draft

Next Steps

- Will be published alongside CoSWID – makes a normative reference to that draft
