Status

- blocked mostly by time on draft-ietf-anima-bootstrapping-keyinfra, draft-ietf-anima-constrained-voucher, draft-ietf-6tisch-minimal-security, and less so draft-ietf-ace-est-coaps!
- new author, Aurelio Schellenbaum,
 - Institute of Embedded Systems, ZHAW.ch
 - has implemented constrained BRSKI on FreeRTOS for Thread
- expect to setup twice monthly author discussion to advance this document. More at LAKE.
