

BMP extensions for path marking

draft-cppy-grow-bmp-path-marking-tlv-01

C. Cardona - NTT
P. Lucente - NTT
P. Francois - INSA
Y. Gu – Huawei
T. Graf - Swisscom

Overview

- Conveys path status on BMP updates using draft-ietf-grow-bmp-tlv-01
- Includes a field containing the reason of a specific status
 - Currently a freeform string
- Version -01 with editorial changes

Open questions

- Complexity of the reason freeform string
- Variable length for path status
- Definitions of path status outside the BMP path marking draft?
- Commenting on optional use of BMP path marking
