draft-pwouters-ikev1-ipsec-graveyard

https://tools.ietf.org/html/draft-pwouters-ikev1-ipsec-graveyard-01

This document deprecates Internet Key Exchange version 1 (IKEv1) and additionally deprecates a number of algorithms that are obsolete.

Changes from -00:

- Do not change status of anything mentioned in RFC 8221 and RFC 8247 (hmac-md5, DH groups)
- Add references to 8221/8247 and [this document] to Status column of the IKEv2 IANA registry
- Request IANA to close the IKEv1 registries at:
  - https://www.iana.org/assignments/ipsec-registry/ipsec-registry.xhtml
  - https://www.iana.org/assignments/isakmp-registry/isakmp-registry.xhtml

Ready for call for adoption (and WGLC :)
