The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.

Code of Conduct in the IETF

“The IETF strives, through these guidelines for conduct, to create and maintain an environment in which every person is treated with dignity, decency, and respect.”

BCP 54 (RFC 7154)
Chairs and other issues in TSV :-)

- ADs are responsible for assigning chairs
  - When chair positions are open we try to use this to train up new
    - Unfortunately very little possible open in the last years
    - **However, let us know if you are interested in chairing!**
  - Need to manage problems or conflicts
    - **Please provide feedback to us about chairs!**

- **Question:** Should we rotate WG chairs?
  - Continuity vs. training new chairs (and future ADs)
  - Dependency of chairing position to funding
  - Chair changes in long-running or for focused groups?
