

TxAuth Bof Agenda - 13:30 - Padang

- Notes, Jabber, Introduction and Context Chairs 10 min
- Limitations and Feature Requests
 - Limitations of OAuth Justin 10 min
 - Limitations of OAuth Torsten 5 min
 - Feature Requests Torsten 5 min
 - Feature Requests Justin 10 min
 - Non Authorize Features Annabelle 15 min
- Proposals
 - OAuth XYZ [1] Justin 20 min
 - RAR & PAR [2] Torsten 20 min
- Discussion Chairs 15 min
- Next Steps Chairs 10 min

Background: several proposals to extend or redo OAuth

Non WG forming, but WG still an option

Commonality on problem statement (limitations slides)

Less interest now in the solution space

Is this a breaking change vs. can be done as an extension

New WG vs. OAUTH WG vs. non-IETF vs. no interest
