IETF Chair Report

- Conversion from in-person to virtual meeting
- Participant statistics

*“My God . . . those meetings really
could all have been e-mails.”*

Conversion from in-person to virtual

- Little time to plan and lots of constraints:
 - Time zones
 - WG/RG conflicts
 - Amount of time needed for virtual sessions may differ from in-person
 - RFC 8318 NomCom requirements
 - Web conferencing technology

A personal note
