

DNS over QUIC

Christian Huitema, Sara Dickinson

IETF 109, Bangkok, 2020-11-20

DoQ Update and Questions

- Draft has not changed for a while
 - draft-ietf-dprive-dnsoquic-01 does not change the spec
 - Several implementations are available
 - Low level of feedback
- How much interest is there for DoQ from stub to recursive?
 - Do we know of prototype deployments?
- Should we study DoQ for recursive to authoritative?
 - Answer questions about capacity, overhead, reuse of connections...
