

SACM Architecture

IETF 109

2020-11-16

Bill & Adam

Draft Updates (-06 to -07)

- Same updates that were presented at the VI
- Addressed most (if not all) of Ira's comments
- Some formatting improvements
- Lots more descriptions of component interactions (Section 4)
- Many taxonomy improvements (Section 5)
 - Still need information model outlines for most if not all taxonomy specs.
- Roman did a preliminary AD review and posted on-list
