

# Freedom of Association and Internet Infrastructure

draft-irtf-hrpc-association-07

Niels ten Oever – University of Amsterdam

Gisela Pérez de Acha – Derechos Digitales

Stéphane Couture – Université de Montréal

Mallory Knodel – CDT

## **Objective** (for this doc):

Expand and deepen relationship between specific rights and protocols (from charter)

## **Non-Objectives** (for this doc):

- Analyze specific protocols for HR impact
- Produce new guidelines

# Short dev't summary

## Freedom of Association on the Internet

draft-irtf-hrhc-association-07

----------	--------------------	--------------------	--------------------	--------------------	--------------------	--------------------	--------------------	--------------------

- In development since March 2017 (4 years)
- RG document since Sept 2018 (2.5 years)
- Authors from academia and civil society from different geographies and disciplines.
- Reviews from many IRTF & IETF participants as well as legal experts

# What happened since -06 ?

- Reading more literature
- Extensive reviews (thanks!)

# Overview of changes (-07)

## Addressing two full reviews

- a) Made clearer distinctions between the rights to association and the right to assembly
- b) Added recent decisions and documents from relevant UN bodies
- c) Added more context and nuance where there were inclarities
- d) Added examples and concrete considerations
- e) Improved conclusions

# Proposed Changes for -08

- More clearly differentiate the right to assembly and right to association
- Provide definitions for both rights
- Add emphasis that document is about human rights (as per HRPC charter), not their implementation in national laws (other doc?)
