

Internet Architecture Board

Open Meeting

Mirja Kühlewind & Zhenbin Li
IETF-110, March 11, 2021

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (<https://www.ietf.org/contact/ombudsteam/>) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- [BCP 9](#) (Internet Standards Process)
- [BCP 25](#) (Working Group processes)
- [BCP 25](#) (Anti-Harassment Procedures)
- [BCP 54](#) (Code of Conduct)
- [BCP 78](#) (Copyright)
- [BCP 79](#) (Patents, Participation)
- <https://www.ietf.org/privacy-policy/> (Privacy Policy)

What is IABopen?

IAB organized session focusing on technical and architectural topics to

- Increase visibility of the IAB work
- Collect feedback and community input about on-going and new work

architecture-discuss@iab.org for architectural discussions and IAB documents

iab@iab.org for comments and concerns directly to the IAB

Program mailing lists for direct comments on work of a specific program

Agenda

Welcome and Status Update (20 mins) - Zhenbin and Mirja

Evolvability, Deployability, & Maintainability (EDM) Program (10 mins) - Tommy

Open Mic (10 mins)

Document Updates

- Newly published:
 - RFC 8980: Report from the IAB Workshop on Design Expectations vs. Deployment Reality in Protocol Development
- Newly adopted:
 - draft-iab-covid19-workshop-01: Report from the IAB COVID-19 Network Impacts Workshop 2020
 - This document already received some good amount of review (Thanks!) and is probably ready for publication
 - Community feedback call planned for soon after IETF-110
 - Please read and provide more feedback!

Program Updates

- After the restructuring of IAB Programs into Technical Programs and Admin Support Groups, the IAB is now reviewing all programs.
- The IANA Program is now the IETF-IANA Group.
 - An updated description has been sent for feedback to the architecture-discuss@iab.org list.
 - The IAB confirmed the updated description and renewed membership last week.
- The Liaison Oversight program has been closed.
 - Thanks to all members of the Liaison Oversight program for their services!
 - However, this program has been dormant for several years, and does not have a clear role to play in liaison management as of today.
 - This will not impact the liaison management as performed today.
 - See also next slide!

Updates on Liaison Management

- The IAB is in the process of reviewing its liaison management function.
 - Make processes more clear and transparent (e.g. LS handling)
 - Improve communication between the liaison managers and IAB
 - Improve the knowledge transfer between the IAB and a broad range of community experts
- The IAB has established a new Liaison Coordinator position.
 - Goal: Provide a clear contact point for liaison managers as well as for the community
 - A new mailing alias has been established: liaison-coordination@iab.org
 - This position replaces the liaison shepherd structure.
 - This change should not impact the work of the liaison managers at this point.
 - The IAB is working on refining this position and will provide further information soon.
- The IAB is working actively towards further improvements.
 - Next: Consultation with community experts and liaison managers

Open Mic

Questions and discussion about architectural and technical topics?

Questions about administrative or strategic topics are supposed to be discussed at the administrative plenary or you can send email to iab@iab.org!
