

# **Internet Research Task Force Plenary Report**

Colin Perkins  
IRTF Chair

IETF 110 / 10 March 2021

# Research Groups

**The IRTF conducts research; it is not a standards development organisation**

**“An IRTF Primer for IETF Participants” – RFC 7418**

# Applied Networking Research Prize (1/2)

- Awarded to recognise
  - **the best recent results** in applied networking
  - interesting **new research ideas of potential relevance to the Internet standards community**
  - and **upcoming people that are likely to have an impact** on Internet standards and technologies

with particular focus on people or ideas that would not otherwise get much exposure or be able to participate in the discussion

# Applied Networking Research Prize (2/2)

- Two ANRP prize winning talks earlier in the week:
  - **Francis Y. Yan** for his work on applying machine learning to video bit-rate adaptation
  - **Audrey Randall** for her work on DNS caching and privacy
- Recordings online at <https://irtf.org/anrp/>

# Applied Networking Research Workshop

- ACM/IRTF Applied Networking Research Workshop (ANRW) 2021 will co-locate with IETF 111 in July 2021
- TPC chairs: Andra Lutu and Nick Feamster
- Paper submissions due 21 April 2021
- <https://irtf.org/anrw/2021/>
- Forum for researchers, vendors, operators, and the Internet standards community to present and discuss emerging results in applied networking research
