Update Points of Draft-02

- We extracted use cases already included in the telemetry I-D.
 - We added a new use-case; 3.2. Detailed DDoS Mitigation Report
 - We organized other use-cases.
- We included examples of message bodies with the telemetry attributes.
 - It's based on draft-ietf-dots-telemetry-16.

Update Points of Draft-03

- We modified some nits.

- All comments from WG were addressed.
- We request WGLC.
