

# JMAP for Tasks

<https://www.ietf.org/archive/id/draft-ietf-jmap-tasks-00.html>

# What's new

Added suggestions from IETF 110:

- Add sortOrder to the Task object as well
- Only let a Task belong to a single TaskList
- Remove isVisible
- Adjust UTC properties for tasks like utcDue

ongoing:

- Server Capabilities: Publish Survey about various task systems
