IETF 111 RTGWG Status Update

Virtual, July 2021

Chairs:

Jeff Tantsura (jefftant.ietf@gmail.com)

Yingzhen Qu (yingzhen.ietf@gmail.com)

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Working Group processes)
- BCP 25 (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)
- https://www.ietf.org/privacy-policy/(Privacy Policy)

IPR Disclosure

IETF policy

- Review the rules about disclosing intellectual property as expressed in RFC 8179 and at:
 - http://trac.tools.ietf.org/group/iesg/trac/wiki/IntellectualProperty

RTGWG-specific process

- Require that document authors and contributors state whether or not they are aware of any IPR relevant to the document in question
- Done at the two main gates in the WG document process
 - before the WG adopts an individual draft
 - before the WG requests publication of a document by the IESG (WG last call)

Charter for RTGWG

The Routing Area working group (RTGWG) is chartered to provide a venue to discuss, evaluate, support and develop proposals for new work in the Routing Area and may work on specific small topics that do not fit with an existing working group.

Options for handling new work include:

- Directing the work to an existing WG (including RTGWG)
- Developing a proposal for a BoF.
- Developing a charter and establishing consensus for a new WG. This option will primarily be used with fairly mature and/or well-defined efforts.
- Careful evaluation, leading to deferring or rejecting work

Administration

- Agenda review
- WG document status update

Meeting Materials:

https://datatracker.ietf.org/meeting/111/session/rtgwg

Meeting Minutes:

https://codimd.ietf.org/notes-ietf-111-rtgwg

Special thanks to our minutes taker: Linda Dunbar

Agenda – Wednesday Session

- 1. Meeting Administrivia and WG Update Chairs (10 mins)
- 2. AERO/OMNI and a Simple BGP-based Mobile Routing System for Aeronautical Telecommunications Network Fred Templin (60 mins)
- 3. SRv6 Midpoint Protection Xuesong Geng (10 mins)
- 4. Extension of Transport Aware Mobility in Data Network Kausik Majumdar (15 mins)
- 5. Computing Delivery in Routing Network Daniel Huang (15 mins)

Agenda - Thursday Session

- 1. Meeting Administrivia Chairs (5 mins)
- Token Cell Routing Data Plane Concepts
 Stewart Bryant (20 mins)
 https://datatracker.ietf.org/doc/draft-mcd-rtgwg-extension-tn-aware-mobility/
- 3. Functional Addressing (FA) for internets with Independent Network Address Spaces (IINAS) Toerless Eckert (15 mins) https://datatracker.ietf.org/doc/draft-eckert-intarea-functional-addr-internets/
- 4. Self-healing Networking with Flow Label Alexander Azimov and Tom Herbert (20 mins)

Documents Published since IETF 110

None

Recently Adopted WG Documents

None

Existing WG Documents - 1

• draft-ietf-rtgwg-policy-model

A new version needed to address review comments before submitting to IESG for publication. A summary of changes since WGLC will be sent to the list. **Final review opportunity**.

draft-ietf-rtgwg-qos-model

An update published to address the YANG doctor's review comments. More reviews needed. Yingzhen Qu will be the Shepherd and start review.

draft-ietf-rtgwg-yang-rib-extend

The authors need to address the comments about language consistency with RFC 8349. **Looking for shepherd.**

Existing WG Documents - 2

draft-ietf-rtgwg-bgp-pic

There are comments from WGLC and directorate reviews to be addressed before sending to AD for review.

draft-ietf-rtgwg-segment-routing-ti-lfa

Shepherd: Stewart Bryant

Some shepherd review comments addressed in version -07. Will request Routing Directorate LC review and start WG LC.

draft-ietf-rtgwg-atn-bgp

To be presented during IETF 111.

draft-ietf-rtgwg-srv6-egress-protection

Individual Drafts Covered IETF 111

SRv6 Midpoint Protection
