Sandelman Software Works
Changes since draft-04

• MAJOR issue raised by Russ: address RFC7030 CSR Attributes gap
  • Text updated to reference draft which clarifies CSR Attributes behaviour
  • Draft presented at LAMPS earlier this week
  • draft-richardson-lamps-rfc7030-csrattrs

• Terminology changes:
  • Changed to use RFC 8499 “DNS Terminology” instead of CA/Browser Forum terminology
Next steps

• Reviewers please!
