C509 Certificates

draft-ieft-cose-cbor-encoded-cert

IETF 112, COSE WG, November 10, 2021

Status & Next Steps

— The base specification of C509 is stable
— Last update was IETF 111
— Rust code in github repo [1]

— Proposal by Carsten to move the revocation parts (currently CRLs) to separate draft.
   — Comments?
   — Need adoption process?

—Good time to for more reviews
   —Volunteers?
