

Operational Considerations for use of DNS in IoT devices

Michael Richardson
IETF112 OPSAWG meeting
Nov. 9, 2021

`draft-ietf-opsawg-mud-iot-dns-
considerations-02`

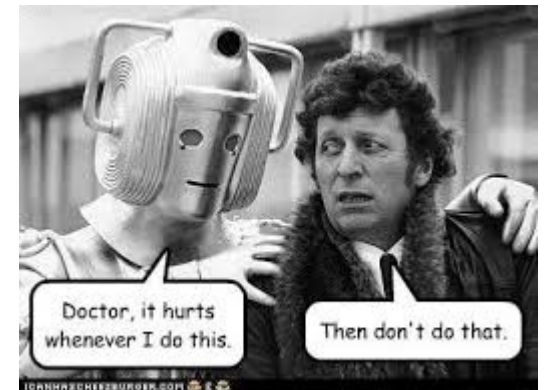

DNS names in MUD files

- No real change from IETF111

Open Issues

- my Conclusion: suggest that IoT vendors don't use geofencing
 - <https://github.com/mcr/iot-mud-dns-considerations/issues/1>
- Some disagreement from Eliot.

Discussion

?
