

EAP Usability

ALAN DEKOK IETF 113

<https://datatracker.ietf.org/doc/draft-dekok-emu-eap-usability/>

RECAP

- ▶ Uses standard DNS + HTTPS to distribute information, system-local tools for configuration
- ▶ Running code at <https://github.com/NetworkRADIUS/automatic-eap/>
- ▶ Has support and commitment from a wide variety of parties
- ▶ Is it ready for WG adoption?
