DNSSD WG

Extensions for Scalable DNS Service Discovery Working Group

IETF 116 – Yokohama – 2023-03-27

Chairs:
David Schinazi — dschinazi.ietf@gmail.com
Chris Box — chris.box.ietf@gmail.com
This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Working Group processes)
- BCP 25 (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)
Reminders for in-person attendees

- Please sign into meetecho, so you’re on the bluesheet.
- Masks must be worn in meeting rooms
- Masks may briefly be removed for eating and drinking, but that cannot be an excuse to leave them off for long periods.
- Active speakers, (front of the room and mic queue), may remove their mask while speaking.
- No exemptions for mask wearing, medical or otherwise
- Masks must be equivalent to N95/FFP2 or better, and free masks will be provided.

Draft authors can contact WG chairs to get set up
Agenda Bashing

SRP and Update Lease - 8 min

Advertising proxy – 7 min
draft-ietf-dnsssd-advertising-proxy

DNS-Based Multicast Stream Discovery – 15 min
draft-karstens-dnsssd-dns-msd

SRP Replication interop report – 10 min

Adoption Discussion – 15 min
Time Since Received – draft-tllq-tsr
SRP Replication – draft-lemon-srp-replication
Adopted WG Document Status, part 1

draft-ietf-dnssd-srp and draft-ietf-dnssd-update-lease

WGLC completed successfully. [Cue Ted’s slides describing final changes.]

Does anyone object to publication?

Speak now or forever hold your peace until the IETF LC
Adopted WG Document Status, part 2

draft-ietf-dnssd-advertising-proxy
  Adopted in August 2021
  Comments made on list during adoption addressed in July 2022
  Minor update in January 2023
