

HRPC @ IETF 116 Yokohama

- Welcome (20 minutes)
 - Reminder of recording
 - Note taker
 - Agenda revision
- Talks
 - Micah Lee “The Art of Analyzing Hacked and Leaked Data” (30 minutes)
 - Leah Rosenbloom “” (30 minutes)
- Drafts
 - Draft-guidelines (5 minutes)
 - Draft-association (5 minutes)
 - Draft-IPV (15 minutes)
- HRPC Recharter (15 minutes)

Kind reminders

- . Wear a mask
- . Use the Meetecho queue
- . This session is being recorded.

Note Well – Intellectual Property

- **The IRTF follows the IETF Intellectual Property Rights (IPR) disclosure rules**
- By participating in the IRTF, you agree to follow IRTF processes and policies:
 - If you are aware that any IRTF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion
 - The IRTF expects that you file such IPR disclosures in a timely manner – in a period measured in days or weeks, not months
 - The IRTF prefers that the most liberal licensing terms possible are made available for IRTF Stream documents – see [RFC 5743](#)
 - Definitive information is in [RFC 5378](#) (Copyright) and [RFC 8179](#) (Patents, Participation), substituting IRTF for IETF, and at <https://irtf.org/policies/ipr>

Note Well – Audio and Video Recordings

- The IRTF routinely makes recordings of online and in-person meetings, including audio, video and photographs, and publishes those recordings online
- If you participate in person and choose not to wear a red “do-not-photograph” lanyard, then you consent to appear in such recordings, and if you speak at a microphone, appear on a panel, or carry out an official duty as a member of IRTF leadership then you consent to appearing in recordings of you at that time
- If you participate online, and turn on your camera and/or microphone, then you consent to appear in such recordings

Note Well – Privacy & Code of Conduct

- As a participant in, or attendee to, any IRTF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public
- Personal information that you provide to IRTF will be handled in accordance with the Privacy Policy at <https://www.ietf.org/privacy-policy/>
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (<https://www.ietf.org/contact/ombudsteam/>) if you have questions or concerns about this
- See [RFC 7154](#) (Code of Conduct) and [RFC 7776](#) (Anti-Harassment Procedures), which also apply to IRTF

Goals of the IRTF

- The Internet Research Task Force (IRTF) focuses on longer term research issues related to the Internet while the parallel organisation, the IETF, focuses on shorter term issues of engineering and standards making
- **The IRTF conducts research; it is not a standards development organisation**
- While the IRTF can publish informational or experimental documents in the RFC series, its primary goal is to promote development of research collaboration and teamwork in exploring research issues related to Internet protocols, applications, architecture, and technology
- See “An IRTF Primer for IETF Participants” – [RFC 7418](#)

HRPC RG: Human Rights and Policy Considerations

Chartered in the IRTF to research how protocols strengthen and threaten human rights
hrpc.io

HRPC Objectives

- To draw connections between protocols and human rights with a focus on the rights to freedom of expression and freedom of assembly.
- To develop guidance on protecting the Internet as a human rights-enabling environment in future protocol development.
- To increase the awareness in both
 - the human rights community of internet protocol standardization, and
 - the technical community of the internet's impact on human rights.

HRPC Current Work

Thank you!

- Daniel Kahn Gillmor and Melinda Shore, technical advisors
- Nick Doty, doc shepherd draft-association
- Mallory Knodel and Sofia Celi, co-chairs

Active Internet-Drafts of the RG

- Guidelines for Human Rights Protocol Considerations (draft-irtf-hrpc-guidelines-18) – ready for IRSG ballot
- Freedom of Association on the Internet (draft-irtf-hrpc-association-11) – under Shepherd review

Other drafts

- Intimate Partner Violence Digital Considerations (draft-ietf-celi-ipvc-00)
