

draft-moriarty-yangsecurityt ext

Kathleen Moriarty
Individual draft, on behalf of IETF Trust

Why is a Security Considerations for YANG draft needed?

The IETF Trust Legal Provisions allow for sections of text to be copied and referenced by other SDOs when a document contains text with a delimited section for the TEMPLATE text.

<BEGIN TEMPLATE TEXT>

YANG Security Considerations

<END TEMPLATE TEXT>

The text is identical to the IETF Security area wiki for YANG Security Considerations
