Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

By participating in the IETF, you agree to follow IETF processes and policies.

If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.

As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.

Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.

As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.
Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- **BCP 9** (Internet Standards Process)
- **BCP 25** (Working Group processes)
- **BCP 25** (Anti-Harassment Procedures)
- **BCP 54** (Code of Conduct)
- **BCP 78** (Copyright)
- **BCP 79** (Patents, Participation)

IETF Code Of Conduct Guidelines
RFC7154

1. Treat colleagues with respect
2. Speak slowly and limit the use of slang
3. Dispute ideas by using reasoned argument
4. Use best engineering judgment
5. Find the best solution for the whole Internet
6. Contribute to the ongoing work of the group and the IETF

Please keep these in mind both at the mic and on Jabber/Meetecho IM
In-person participants

- Make sure to sign into the session using the Meetecho (usually the “onsite tool” client) from the Datatracker agenda
- Use Meetecho to join the mic queue
- *Keep audio and video off if not using the onsite version*

Remote participants

- Make sure your audio and video are off unless you are chairing or presenting during a session
- Use of a headset is strongly recommended
SATP WG Information

SATP information:
Datatracker: https://datatracker.ietf.org/group/satp/about/
Purpose: develop a protocol to transfer digital assets between two different networks

Mailing list information:
List: sat@ietf.org
Subscribe: https://www.ietf.org/mailman/listinfo/sat

Active drafts to consider:
draft-hargreaves-sat-core-02
draft-hardjono-sat-architecture-03
draft-ramakrishna-sat-use-cases-02
SATP WG Meetings

- At Every IETF
- Monthly interim meetings
  - 2023-08-15
  - 2023-10-17
  - More needed?

Please come Join us!
Agenda

1. WG Introduction
   ○ Note-takers: ???

2. SATP WG Scope

3. Updates to draft-ietf-satp-core

4. Updates to draft-ietf-satp-usecases

5. Crash recovery, error codes & session resumption

6. Asset profile definition

7. AOB

   • Gateway Transfer Initialization Claims
   • Stage 0 transfer context negotiation

   • Sharing of asset state and process snapshot views

Chairs

Venkatraman Ramakrishna 15m
Rafael Belchior 30m
Denis Avrilionis 10m

Thomas Hardjono
Scope

Develop a protocol for the secure, one way, transfer of any digital asset between networks, that is agnostic to both the technology of the network(s) and to the nature of the asset.

N.B. yellow box indicates IETF focus
Today’s vs The Future’s Scope

In SATP’s scope today:
- Unidirectional asset transfer
- Gateway-to-gateway asset transactions

Out of scope today – future scopes TBD
- Multi-directional asset “swaps”
- Additional related digital objects
  - e.g. transmission of a Bill of Lading
- In-network protocols for transfer/locking before SATP
WG Scoping and Focus

Discussion Scope TL;DR:

- WG meetings will prioritize time for WG scoped items
  - Additional presentation time MAY be available during AOB

- Mailing list discussion for other scopes is acceptable
  - (unless the traffic completely swamps current scopes)
Path to Adoption

We are Here

Call for formal adoption as working documents

Initial 3 documents - WG agreement that we are in the correct starting position

WG discussions, Interim meetings and mailing lists Document edits and revisions

WG agrees documents ready for review

Peer review and feedback - outside of WG

Document edits and revisions

IMPLEMENTED

N.B. high level view for illustrative processes - not each stage is shown here
Agenda
