This session is being recorded
Note Well

- The IRTF follows the IETF Intellectual Property Rights (IPR) disclosure rules

- By participating in the IRTF, you agree to follow IRTF processes and policies:
  - If you are aware that any IRTF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
  - The IRTF expects that you file such IPR disclosures in a timely manner – in a period measured in days or weeks, not months.
  - The IRTF prefers that the most liberal licensing terms possible are made available for IRTF Stream documents – see RFC 5743.
  - Definitive information is in RFC 5378 (Copyright) and RFC 8179 (Patents, Participation), substituting IRTF for IETF, and at https://irtf.org/policies/ipr.
IETF 116 Meeting Tips

In-person participants

- Make sure to sign into the session using the Meetecho (usually the “Meetecho lite” client) from the Datatracker agenda
- Use Meetecho to join the mic queue
- *Keep audio and video off if not using the onsite version*

Remote participants

- Make sure your audio and video are off unless you are chairing or presenting during a session
- Use of a headset is strongly recommended
Goals of the IRTF

● The Internet Research Task Force (IRTF) focuses on longer term research issues related to the Internet while the parallel organisation, the IETF, focuses on shorter term issues of engineering and standards making.

● The IRTF conducts research; it is not a standards development organisation.

● While the IRTF can publish informational or experimental documents in the RFC series, its primary goal is to promote development of research collaboration and teamwork in exploring research issues related to Internet protocols, applications, architecture, and technology.

● See “An IRTF Primer for IETF Participants” – RFC 7418.
ICNRG Administrativia

- IRTF RG on Information-Centric Networking
- Mailing list: icnrg@irtf.org
- Web: https://irtf.org/icnrg
- Chairs
  - Dirk Kutscher – HKUST(GZ)
  - Dave Oran – Network Systems Research Design
- This meeting
  - **Note taker:**
Agenda

1. ICNRG Chairs’ Presentation: Status, Updates
   - Chairs
   - 10 min

2. FLIC Update
   - Mark Mosko
   - 20 min

3. Reflexive Forwarding Update
   - Dave Oran
   - 10 min

4. Wide-Area NDN Testbed
   - Davide Pesavento, Susmit Shannigrahi
   - 30 min

5. Collective Communication
   - Kehan Yao
   - 20 min

6. Distributed Architecture for Microservices
   - Xueiting Li
   - 20 min

7. Buffer, Wrap Up and Next Steps
   - Chairs
   - 05 min
## Status

### Active Internet-Drafts (5 hits)

Presentations
Metaverse Side Meeting at IETF 118

Discuss related technologies and understand what IETF can do on Metaverse. We can also see what happens in other SDOs.

The meeting information is:

- 15:00-16:30 Tuesday Nov 7, at room Karlin 4.
- Remote Participation: https://ietf.webex.com/meet/sidemeetingietf1

Anyone want to share ideas can also send topic to zhoutianran@huawei.com and giuseppe.fioccola@huawei.com
“AICN”-Related Side Meetings

- **AIDC Side Meeting**
  - Tuesday 17:00 to 19:00, Palmovka 1/2

- **Collective Communications Optimizations (CCO)**
  - Thursday 14:30 to 16:30, Palmovka 1/2
