

Application Aware Computing Network

[draft-li-cats-application-aware-computing-network-01](#)

- Several important IDs in CATS framework:
 - Service ID
 - Service Contact Instance ID
 - Flow ID
- APN ID has Application Group ID and User Group ID
 - Application Group ID \approx Service ID
 - User Group ID + Application Group ID \approx Flow ID
- Encapsulation options:
 1. APN Segment = LOC:FUNCT(APN ID): ARG
 2. LOC + APN ID in IPv6 EH
