

IETF Outreach

**WG Chairs Forum
IETF 119
20 March 2024**

Outreach @ EODIR

- Education & Outreach Directorate (EODIR) seeks to coordinate outreach activities for the IETF undertaken by individuals and organizations.
- We consolidate materials, share experiences, and document best practices.
- Our outreach is directed towards potential IETF participants (network operators, enterprises, educational institutes, regions with less participation etc).
- We maintain a wiki - <https://wiki.ietf.org/en/group/eodir/outreach>

Recent Activities

This table collects the various IETF outreach activities done by individuals to help coordinate future activities.

When	Event	Target Audience	Participation	By	Remarks
March 2024	Workshop on IPv6 Deployment at NITK, India	Students, Campus Network Operators	<i>all levels</i>	Nalini Elkins, Mike Ackermann, Dhruv Dhody	Workshop included a session on IETF
Feb 2024	APRICOT2024 	Network Operators in Asia Pacific	<i>all levels</i>	Dhruv Dhody	Slide 
Jan 2024	HLIG (High Level Internet Governance Expert Group)	Policy	Supporter	Lars	Slide 
Jan 2024	NetMission 	Students	Knowledge sharing	Dhruv Dhody	Slide 

Feedback Needed

- The aim of the outreach wiki is to make it easier for the IETF community to find resources to be able to do outreach in external communities with potential IETF participants.
- As WG and RG chairs are you involved in outreach specific to your WG/RG?
- Are you aware of outreach activities that is not listed on our wiki?
- Do you have any suggestion to improve outreach coordination by EODIR?
- Please use eodir@ietf.org to provide feedback.
