New Protocols must use TLS 1.3

Rich Salz

Content

- Boilerplate
- Security comparison of TLS 1.2 and 1.3
- "New protocols must use TLS 1.3"

```
; wc -l draft-rsalz-uta-require-tls13.md
     274 draft-rsalz-uta-require-tls13.md
```

Post-quantum

- The IETF is moving to make sure everything is capable of doing post-quantum

- This helps ensure that

Next steps

- Adoption?
- Fix the nits
  - Mainly updates 9325/BCP 195, requires some wording changes
- Short review
- WGLC
