This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam/) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Working Group processes)
- BCP 25 (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)

IETF CHILD Care

16 CHILDREN JOINED!
My daughter has enjoyed very much her time at the daycare, to the point that she asked me to stay a bit longer when I went to pick her up at the end of my workday!

"My favorite part of the daycare is that I made new friends and having cookies."
-Child, age 8

"I really liked playing with the other friends and coloring"
-Child, age 3

While in a morning meeting, my child was watching the clock for the minute the childcare opened. He's having a great time and is glad there are a few other older children. The multi-cultural exposure is awesome, he's brushing up on his Spanish!

"...During these years, my status as a single parent has complicated my ability to sustain my direct involvement... Feeling the compassion and warmth they showed my little one is what has allowed me to focus and remain engaged this week..."

The Future of Moderation in the IETF

The IESG assesses that there is a significant community interest in revisiting the moderation policies in the IETF

Multiple drafts on revised moderation practices have been proposed

- In early July, IESG recommended a dedicated WG
- Monday’s community feedback at all AllDispatch concurred

Internet Research Task Force (IRTF)

Colin Perkins
Applied Networking Research Workshop

- **Applied Networking Research Workshop 2024** took place yesterday
- 12 full papers, 6 lightning papers, and one great keynote talk
- Thanks to the organisers, Jayasree Sengupta, Simone Ferlin, and Ignacio Castro, and to the reviewers

https://irtf.org/anrw/2024/
The Applied Networking Research Prize recognises:

• the best recent results in applied networking
• interesting new research ideas of potential relevance to the Internet standards community
• and upcoming people that are likely to have an impact on Internet standards and technologies
• Xieyang Xu for his work on improving test coverage for network configurations

• Yevheniya Nosyk for her work on understanding the root causes of DNS resolution failures

• Harjasleen Malvai for her work on key transparency for encrypted messaging

• Papers and slides at https://irtf.org/anrp/
IRTF Diversity Travel Grants

• The IRTF is pleased to offer travel grants to support early career academics and PhD students from under-represented groups to attend the IRTF meetings co-located with the IETF

https://irtf.org/travelgrants
IRTF Code of Conduct (1/2)

• The IRSG has been discussing **draft-perkins-irtf-code-of-conduct** as a draft code of conduct for the IRTF
  
  • The IRTF doesn’t currently have a code of conduct – but one is needed
  
  • The IETF code of conduct (RFC 7154) is focussed on effective conduct of the standards process; the new IRTF code of conduct considers effective conduct of research
  
  • Both reference the same anti-harassment policy, ombudsteam, and inclusive language guidelines, etc. – all the common content is in these guidelines
  
  • Highlighted in IRTF Open Meetings for the past year – thank you to those who sent feedback
• The IRSG expects to issue a last call on the IETF Code of Conduct shortly – please review draft-perkins-irtf-code-of-conduct-03 and send feedback to the IRSG at irsg@irtf.org and/or to irtf-discuss@irtf.org

The Board strives for transparency with the IETF Community. Board meetings are open to observers except for items such as legal, contracts, personnel, and other matters that benefit from confidentiality. Each meeting is divided into four sections: Open; Board and Staff Only; Board and ED Only; Board Only. Our goal is to publish agendas one week or more before each meeting. Minutes of past meeting are also posted on a timely basis.
