

Registration Protocols Extensions (regext)

James Galvin and Antoin Verschuren

24 July 2024 - IETF120 Vancouver

This meeting is being recorded

Note Well

This is a reminder of IETF policies in effect on various topics such as [patents](#) or [code of conduct](#). It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in [BCP 79](#); please read it carefully.

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the [IETF Privacy Statement](#).
- As a participant or attendee, you agree to work respectfully with other participants; please contact the [ombudsteam](#) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- [BCP 9](#) (Internet Standards Process)
- [BCP 25](#) (Working Group processes)
- [BCP 25](#) (Anti-Harassment Procedures)
- [BCP 54](#) (Code of Conduct)
- [BCP 78](#) (Copyright)
- [BCP 79](#) (Patents, Participation)
- <https://www.ietf.org/privacy-policy/> (Privacy Policy)

Note Really Well

- IETF meetings, virtual meetings, and mailing lists are intended for professional collaboration and networking, as defined in the IETF Guidelines for Conduct (RFC 7154), the IETF Anti-Harassment Policy, and the IETF Anti-Harassment Procedures (RFC 7776). If you have any concerns about observed behavior, please talk to the Ombudsteam, who are available if you need to confidentially raise concerns about harassment or other conduct in the IETF.
- The IETF strives to create and maintain an environment in which people of many different backgrounds are treated with dignity, decency, and respect. Those who participate in the IETF are expected to behave according to professional standards and demonstrate appropriate workplace behavior.
- IETF participants must not engage in harassment while at IETF meetings, virtual meetings, social events, or on mailing lists. Harassment is unwelcome hostile or intimidating behavior -- in particular, speech or behavior that is aggressive or intimidates.
- If you believe you have been harassed, notice that someone else is being harassed, or have any other concerns, you are encouraged to raise your concern in confidence with one of the Ombudspersons.

IETF Code Of Conduct Guidelines

BCP54

1. Treat colleagues with respect
2. Speak slowly and limit the use of slang
3. Dispute ideas by using reasoned argument
4. Use best engineering judgment
5. Find the best solution for the whole Internet
6. Contribute to the ongoing work of the group and the IETF

Please keep these in mind both at the mic and when messaging.

AGENDA - bashing?

1. Welcome and Introductions (T0+2 minutes)
2. Existing work (T2+10 minutes)
3. Potential New Work
 - i. DomainConnect Update - Pawel Kowalik (T12+10 minutes)
 - ii. RESTful EPP - Maarten Wullink (T22+20 minutes)
 - iii. RDAP Considerations - Andy Newton (T42+20 minutes)
 - iv. Contact Object Discussion - multiple people (T62+20 minutes)
 - v. Versioning and Related Discussion (T82+20 minutes)
 - vi. IDN Variants - Jim Galvin (T102+10 minutes)

 - vi. IDN Variants - Jim Galvin (T102+10 minutes)

AOB

2. Existing work (T2+10 minutes)

- <https://datatracker.ietf.org/doc/draft-ietf-regext-epp-eai/>
 - Use of Internationalized Email Addresses in the Extensible Provisioning Protocol (EPP)
- Remanded back to WG for resolution
 - What to do?
 - There has been some discussion on the mailing list
 - I had planned to have a technical discussion at this meeting, but ...
- In the background, there are currently two drafts that two sets of authors have shared with each other
 - They are seeking to reconcile to be one document for the WG to consider
- Bottom line - there will be a new, simplified proposal coming that hopefully will pass the WG and we believe will pass previous IETF Last Call concerns

AGENDA

1. Welcome and Introductions (T0+2 minutes)
