IETF 120

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (<https://www.ietf.org/contact/ombudsteam/>) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Working Group processes)
- BCP 25 (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)
- <https://www.ietf.org/privacy-policy/> (Privacy Policy)

Living the IETF Code of Conduct

Reminder of the key points of the Code of Conduct [RFC7154]:

1. IETF participants extend respect and courtesy to their colleagues at all times
2. IETF participants have impersonal discussions
3. IETF participants devise solutions for the global Internet that meet the needs of diverse technical and operational environments

IETF meeting tips

In-person participants

- Make sure to sign into the session using the Meetecho (usually the “Meetecho lite” client) from the Datatracker agenda
- Use Meetecho to join the mic queue
- *Keep audio and video off if not using the onsite version*

Remote participants

- Make sure your audio and video are off unless you are chairing or presenting during a session
- Use of a headset is strongly recommended

Agenda

1. Welcome, Administrivia, and Agenda Bashing (5 mins)
2. WG and AD Reports (15 mins, chairs/ADs)
3. Internet Terminology Glossary (5 mins, Dick Hardt, Rifaat Shekh-Yusef)
4. Security Event Tokens (SETs) draft (5 min, Atul Tulshibagwale)
5. "RADIUS/UDP Considered Harmful" plus, a history (20 min, Nadia Heninger, Alan DeKok)
6. Cryptography for IETF Protocols (30 min, chairs)
7. Open Mic (remaining time)

WG Changes since IETF 119

BOF	Network Atestation for Secure Routing (NASR)

SPICE		Heather Flanagan Martin Thompson

Helping out

1. If you are interested in becoming a WG chair, let your ADs know.
2. Become a Document Shepherd. Learn about IETF processes while helping advancing documents! Ask your AD if shepherding is right for you!
3. Errata processing - help your WG resolve reported erratas. We also have errata in closed WGs that no one is looking at.
4. Attend (virtual and in person) BoFs
