

5 November 2024

IETF 121 MANET

This session is being recorded

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (<https://www.ietf.org/contact/ombudsteam/>) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- [BCP 9](#) (Internet Standards Process)
- [BCP 25](#) (Working Group processes)
- [BCP 25](#) (Anti-Harassment Procedures)
- [BCP 54](#) (Code of Conduct)
- [BCP 78](#) (Copyright)
- [BCP 79](#) (Patents, Participation)
- <https://www.ietf.org/privacy-policy/>(Privacy Policy)

Note Really Well

- IETF meetings, virtual meetings, and mailing lists are intended for professional collaboration and networking, as defined in the IETF Guidelines for Conduct (RFC 7154), the IETF Anti-Harassment Policy, and the IETF Anti-Harassment Procedures (RFC 7776). If you have any concerns about observed behavior, please talk to the Ombudsteam, who are available if you need confidentiality to raise concerns confident about harassment or other conduct in the IETF.
- The IETF strives to create and maintain an environment in which people of many different backgrounds and identities are treated with dignity, decency, and respect. Those who participate in the IETF are expected to behave according to professional standards and demonstrate appropriate workplace behavior.
- IETF participants must not engage in harassment while at IETF meetings, virtual meetings, social events, or on mailing lists. Harassment is unwelcome hostile or intimidating behavior—in particular, speech or behavior that is aggressive or intimidates.
- If you believe you have been harassed, notice that someone else is being harassed, or have any other concerns, you are encouraged to raise your concern in confidence with one of the Ombudspersons.

This session is being recorded

IETF 121 Meeting Tips

In-person participants

- Make sure to sign into the session via Datatracker or the QR Code in this session.
- Use Meetecho (usually the “Meetecho lite”) client to:
 - join the mic queue
 - participate in shows of hands
- *Keep audio and video off if not using the onsite version.*

Remote participants

- Make sure your audio and video are off unless you are chairing or presenting during a session.
- Use of a headset is strongly recommended.

AGENDA

1. Administrivia (Note Well, Agenda bashing, Note takers) (Chairs, 5 min)
2. Draft Status (Chairs, 5 min)
3. AERO/OMNI Autoconfiguration Services for MANET Internetworking (Fred Templin, 5 min)
4. Kademia-directed ID-based Routing Architecture (KIRA) (Roland Bless, 15 min)
5. BABEL for IEEE 802.11 (Wi-Fi) Mesh (Donald Eastlake, 15 min)
6. New WG charter discussion (All, 10 min)
7. Wrap-up (Chairs, 5 Min)

Draft Status (1)

Past-WGLC, under Area Directorate reviews

[draft-ietf-manet-dlep-credit-flow-control-15](#)

[draft-ietf-manet-dlep-traffic-classification-12](#)

[draft-ietf-manet-dlep-da-credit-extension-18](#)

[draft-ietf-manet-dlep-ether-credit-extension-06](#)

Surviving authors have little time and energy to address all Area Dir comments; to remedy this situation, the Chairs have decided to step up and propose text changes. Authors will still have the final say.

The documents are being maintained on github before revisions are submitted: <https://github.com/louberger/dlep-extensions>

Draft Status (2)

Active WG Drafts

[draft-ietf-manet-dlep-channel-utilization-01](#)

[draft-ietf-manet-dlep-radio-band-01](#)

[draft-ietf-manet-dlep-radio-quality-01](#)

These I-Ds were recently expired and have now been revived. We would like to have more reviews of these *before* going to WGLC!

Draft Status (3)

Related Individual Drafts

[draft-lou-manet-sturp-02](#)

Authors are keeping the draft alive, while rethinking its scope

[draft-dearlove-manet-olsrv2-responsive-00](#)

The author has announced a new version, to be submitted soon.
Please review and comment on the ML
