

Circuit-style Segment Routing Policies

draft-ietf-spring-cs-sr-policy

C. Schmutzer (presenter), Z. Ali, P. Maheshwari, R. Rokui, A. Stone

IETF121, SPRING WG

Summary of Changes in Rev3

- Handling of L3 Bundled
 - Pin CS traffic to a member link
 - Bandwidth accounting at the member link level
- Changes in Managing Bandwidth Section
 - Provided further clarification on how to protect CS traffic during times of link congestion
 - Working on additional text with Alexander Vainshtein to close on his comment

Next Steps

- The author would like to request WGLC
