

SRv6 Operational Security Considerations

draft-ietf-spring-srv6-security

Nick Buraglio, ESnet

Luis M. Contreras, Telefonica

Fernando Gont, SI6 Networks

Tal Mizrahi, Huawei

Tian Tong, China Unicom

Changes in -01

- **Many, many suggestions after IETF 120**
 - **Cleaned up introduction**
 - **Refactor threats**
 - **Cleaned up section 7.1.1**
 - **Clarified relation to other works**
 - **Better defined document scope**
 - **Many editorial fixes**

Further Effort

(Some already in repo)

- More Control Plane references
- Reference Tables

Next Steps?

- Mention 5f00::/16 / RFC9602?
- ?

More details
